BODYWORK TRAINING

INNOVATION DRIVES YOU FORWARD

www.chereau.com

THE REEFER GROUP

CHEREAU

Training Centre

In order to guarantee the highest level of care and service for our customers' equipment, we offer two types of training at our CHEREAU Service Centres and on the premises of our customers with their own workshops. The first type is general training on servicing and maintaining CHEREAU equipment, and the second type is customised to suit specific requirements.

QUALIOPi

The quality certification has been issued for the following category of action: Training actions

WHAT IS IT ?

Extract from the Qualiopi charter of use

Qualiopi is the PAC* quality guarantee mark

Objectives:

Single quality certification issued by independent certifiers, allowing the use of public or mutualized funds;
Legibility of the training offer for the public, by associating the quality certification with a brand.

Terms of delivery:

The certification process is rigorous and standardized. It allows to obtain a right to use the brand. The certification is issued by certifying bodies accredited or in the process of being accredited by Cofrac* on the basis of the single national reference system mentioned in article L. 6316-3 of the French Labor Code.

*Cofrac: French Accreditation Committee

*(Providers of actions contributing to the development of skills within the framework of training actions, skills assessments, actions allowing the validation of acquired experience, training actions through apprenticeship)

SATISFACTION RATE / SUCCESS RATE

In 2021, the various trainees trained evaluated our training courses at 3.8/4 (content, achievement of objectives, quality of the support given, duration, general organization, quality of the animation, trainer relationship).
Our trainers evaluated the trainees on their level of technical knowledge at the end of the training. It is 82% on average (against 47% on arrival).

TARGET AUDIENCE

Our training is designed for bodybuilders and/or electrical engineers/fitters who have already completed electrical and/or bodywork training or with experience in one of these areas.

These sessions are available in French. (English and any other language on request).

DURATION

Our training courses take place from 2 to 4 days depending on the type of training chosen, covering a total of 30.5 hours.

LOCATION

Training courses are held at the Chereau Services repair shop in Ducey. (Address on the back)

TRAINING ORGANISATION

CHEREAU is approved as a training centre and recognised as a high-quality training organisation. As a result, training can be covered as part of your company's training contribution. Approval no.: 25 50 00078 50.
